*Serving The San Francisco Bay Area Aviation Community*

## ***Come Fly With Us!***

Experience a unique approach to aircraft rental, pilot training and other aviation services tailored to your needs and schedule. Make an appointment to check out our well equipped airplanes, FAA certified flight simulator, and discuss how we can assist you.

### ***Our Services***

#### ***Aircraft Rental***

Whether you are a new student pilot, interested in pursuing additional pilot ratings, or want to make your next cross country flight an enjoyable experience, we offer well maintained and equipped Cessna 172 & 150 aircraft at very competitive rates.

#### ***Flight Simulator Rental***

Our FAA certified Redbird TD2 flight simulator is an ideal platform for enhancing piloting skills, advancing aircraft equipment knowledge, increasing situational awareness, and practicing decision making in response to unexpected flight conditions.

#### ***Pilot Training, Services for CFIs & Workshops***

We provide our student pilot, pilot and flight instructor customers use of our airplanes, flight simulator, training rooms and facility. We also assist flight instructors with promoting and hosting workshops focused on enhancing piloting skills, pilot safety and aeronautical decision making.

#### ***Aircraft Owner Assistance***

Airplanes provide the freedom to fly where and when you want. But owning one raises lots of questions and concerns. We can help, so contact us for an appointment to talk.
